

Express PCB WWV + Circuit Board

Component 10MHz BPF

Hantek 2C42

FeelTech 60 MHz Function Generator

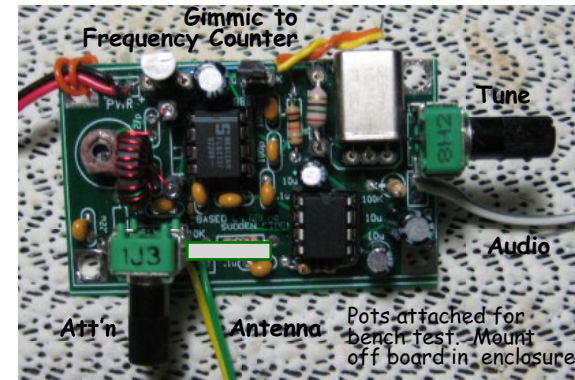

HH2205D

- o Func Gen used for Audio and RF source
- o The sweep function is useful for filter tests
- o Scope for visual display of audio and RF signals
- o scope is 40 MHz ver but useful to 60 MHz
- o DMM RMS audio amplitudes (Scope Vpp check)
